

Rocky Flats Community Advisory

Date: 01/13/05

CA 05-01

Draft Site-Wide Integrated Public Involvement Plan (SWIPIP) issued for public comment

The Rocky Flats Environmental Technology Site is owned by the United States and is under the jurisdiction of the U.S. Department of Energy, and is being cleaned up under the requirements of the Comprehensive Environmental Response, Compensation and Liability Act (CERCLA) and the Colorado Hazardous Waste Act. The Rocky Flats Cleanup Agreement (RFCA) is the environmental regulatory framework for the cleanup and closure of Rocky Flats.

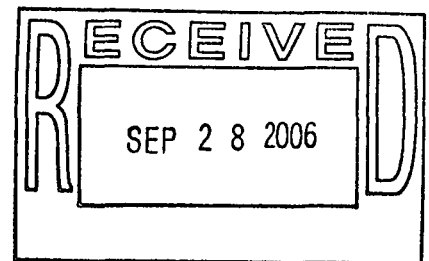

The draft Site-Wide Integrated Public Involvement Plan (SWIPIP) has been updated as required by RFCA and incorporates public involvement opportunities and information regarding the accelerated cleanup and closure through physical and regulatory completion of the Site.

The plan is available for a formal 45-day public comment period beginning January 24, 2005 through March 9, 2005.

Copies of the document are available for review at the Rocky Flats Reading Room at the Front Range Community College and on the Rocky Flats webpage: www.rfets.gov. For additional information please call Karen Lutz, DOE, at (303) 966-4546.
